**READING COMPREHENSION (2 points)****PRINCE HARRY TO LEAVE UK FOR CANADA**

The British Royal family is in shock. Queen Elizabeth's grandson Prince Harry has decided to leave the UK and walk away from the Royal family. Harry and his wife Meghan will move to Canada. They both want a life away from the paparazzi in the UK. Prince Harry's mother, Diana, Princess of Wales, died because paparazzi photographers chased the car she was in. Harry does not want journalists to affect the life of his wife and baby son. Harry told the world about his decision on social media. He wrote on Instagram: "We intend to step back as 'senior' members of the Royal Family". He added that living in Canada would provide his family "with the space to focus on the next chapter"

The UK media reported that the Queen was not happy with Prince Harry's decision. The Queen, Harry's father Prince Charles and brother Prince William talked to Harry about his future. Reporters said Charles might cut the money he gives to his son. Harry and Megan have official titles as members of the royal family – they are Duke and Duchess of Sussex. If they leave the UK, they may lose those titles. Reporters say they hope to make money from their fame. The opinion of people in the UK is divided. Some say Harry is a traitor; others support Harry and say the media was racist towards Meghan. London's waxworks museum Madame Tussauds has removed Meghan and Harry from its royal family display.

Frida went to the prestigious Escuela Preparatoria in Mexico City in 1922. At that time, there weren't many girls at this school. In 1925, at the age of eighteen, Frida had a terrible traffic accident. She couldn't walk for a long time, so she started painting.

In 1929 she married the painter Diego Rivera. The next year they moved to New York, but Frida wasn't happy there. They returned to Mexico in 1935, Frida won a national art prize in 1946, and she became famous in Mexico. She died in 1954, when she was only 47 years old.
