San Bernabé

Every year on June 11th, the city of Logroño celebrates an important festival called San Bernabé, honoring its patron saint. It is a special time when the whole city comes together to enjoy history, tradition, and fun.

The festival remembers the victory of Logroño in 1521, when the city defended itself against the French army. To celebrate, people eat fish and bread, just like the citizens did during the **siege**. You can try these traditional foods in the old town, where many food stalls offer delicious local products.

One of the best parts of the festival is the historical **reenactments**. People wear medieval costumes and act out scenes from the past. You can see knights, soldiers, and noblemen walking through the streets! There is also a big **parade** with music and dancing.

During the festival, you can enjoy many activities for all ages, such as concerts, theatre performances, and street entertainment. Children can have fun with games and workshops, while adults can relax and enjoy the lively atmosphere. At night, we recommend the spectacular fireworks.

If you visit Logroño during the festival, you will experience a city full of joy, history and tradition. Don't miss the chance to be part of this unique celebration!
